Description

Information Technologies Institute (ITI) was founded in 1998, as a non-profit organization, under the auspices of the General Secretariat of Research and Technology of Greece, with its head office located in Thessaloniki, Greece. Since 2000, it is a founding member of the Centre of Research and Technology Hellas (CERTH), also supervised by the Greek Secretariat of Research and Technology.

CERTH/ITI is currently one of the leading Institutions of Greece and is conducting basic and applied research in established and emerging areas in the fields of Informatics, Telematics and Telecommunications. It is one of the largest IT research centers in Northern Greece with well-organized facilities, highly qualified personnel and a reputation as a top-level research IT institute in Greece and abroad, with long experience in numerous European and national Research and Development (R&D) projects.
