Description

Beat creates a new ride experience by connecting thousands of passengers with nearby available drivers in real time. Through the app you can request a driver 24/7. Beat is more than an app that takes you from A to B. Our mission is to become part of people's everyday life by making transportation in the city more affordable, convenient, efficient and safe. The company was founded in 2011 and is part of the FREE NOW group, the ride-hailing joint venture of BMW and Daimler. Beat is currently available in Athens (Greece), Lima (Peru), Santiago (Chile), Bogotá and Medellín (Colombia), Mexico City (Mexico) and has plans to expand to more cities in Latin America.
