Description

TwelveSec is an Information Security firm, specialised in Security Assurance, Security Management and Security Training Services.

We focus in providing quality services, spanning across the entire spectrum of engagement, assessment and reporting. We keep track of all the latest developments in the industry and stay up-to-date with emerging technologies and techniques. Our team is highly skilled at both offensive and defensive measures, leveraging on our extensive knowledge to identify vulnerabilities, assess their potential risk, aid in eliminating them and ensuring they do not arise again in the future.

We are passionate about Information Security and committed to Ethical Hacking. Our R&D department has developed a variety of open-source Cyber-Security tools, useful to Information Security Professionals and exploitation experts.

We are interested in providing our InfoSec expertise and cooperate with Universities and firms in the topics of Information Security, IoT, cloud computing, machine learning and big data.
